UNITED STATES INTELLIGENCE BOARD

MEMORANDUM FOR: Chairmen USIB Committees and Interagency
Working Groups Operating Under Aegis of
USIB

SUBJECT : Emergency Planning

1. Attached for your information is a copy of a memorandum on Emergency Planning which the United States Intelligence Board considered on 26 May. As you will note, this memorandum, among other things, recommends that each Committee or other established interagency body under the Intelligence Board be directed to report plans for its operation and for intelligence-community functioning in its assigned field of responsibility, in time of emergency, to the Board by 1 October 1959.

2. The Board endorsed the general course of action (including the above recommendation) proposed in paragraph 2 of this memorandum and took certain other action which is reflected in the following minutes (as amended) of the 26 May Board meeting:

"The Board endorsed the general course of action outlined in paragraph 2 of the Chairman's memorandum of 19 May. However, it was understood that the Board Committees, in undertaking their planning, would receive further guidance as soon as feasible from the Intelligence Board. This guidance would include comments on the 1956 guidelines (IAC-D-96/2, 3 April 1956) to be developed by General Breitweiser, in concert with General Erskine's office, in the light of the reorganization and related emergency planning within the Department of Defense. It was also agreed that, in formulating their plans, Committees should take into account, as appropriate, the effect of their relationship with, or analogous emergency planning by, the Interdepartmental Intelligence Conference (IIC) and the Interdepartmental Committee on Internal Security (ICIS)."

USIB-D-7.1/2
5 June 1959

3. At the 2 June Board meeting General Breitweiser indicated that he then expected that the comments to be developed in the light of the reorganization and related emergency planning within the Department of Defense would be submitted to the Board by the end of June. Consequently, we assume that further guidance will be provided to committees and working groups by the Intelligence Board within a reasonable time after the receipt of those comments.

4. All committees and other interagency working groups operating under the aegis of the Intelligence Board are therefore requested to take appropriate steps to comply with the action of the Board, as outlined above.
